ABSTRACT

The presentation will focus on e-learning courses currently available from EdulinX. The presentation will cover the all-new AISATS, an AI skill assessment system. In addition, VLT (Virtual Live Training), an online English conversation class now used by top national universities & major corporations will be explained. Finally, various seminars designed for school staff & faculty development will be presented.

Presenter: SAKURADA, Mitsuru

Session Classification: B8-116 Sponsors
